SUBMISSION OF SEQUENCE LISTING

Sir:

Applicant submits herewith a "Sequence Listing" in paper copy and computer-readable form believed to be in compliance with the requirements of 37 C.F.R. §§ 1.821–1.825. Applicant submits the computer readable form (CRF) of the "Sequence Listing" as a ".txt." file in ASCII format, as required by 37 C.F.R. § 1.821(e). Applicant also submits herewith a paper copy of the "Sequence Listing," totaling seventy (70) pages.

Applicants have amended the Sequence Listing of International Patent Application No. PCT/GB2005/000857 to list the inventors as Applicants, change the attorney docket number, include the priority information, "Artificial" to "Artificial Sequence" in line <213> for SEQ ID NOS: 7, 8, and 11–54; and add SEQ ID NOS: 62–66. Support for these amendments and the sequence listing can be found throughout the specification and sequence listing as originally filed, for example, at pages 33, 37, 39–42, 44–47, 49, 52–54, 60–63, and 67–82. Accordingly, Applicant submits that no new matter is introduced into the application.

The undersigned hereby states based on information and belief that the content of the computer readable form of the "Sequence Listing" and the paper copy of the "Sequence Listing" submitted herewith are the same.

Applicant respectfully requests entry of the "Sequence Listing" into the specification.

Respectfully submitted,

HUNTON & WILLIAMS LLP
